Mese, 16/03/2020

Open letter to FIC partners, customers and suppliers

Unfortunately, the sanitary situation caused by COVID-19 virus is not improving. More time is needed before all this will come to an end. For this reason, FIC decided to extend the stop of its activities until 23/03/2020 included, foreseeing the stop of a further week until 30/03/2020.

Limit propagation of the virus is the only action all of us could and should do in order to go back to normality as soon as possible.

At FIC, we firmly think that stopping the activities is the minimum we could do to help an almost collapsing healthcare and hospital system, especially in our region.

FIC offices will be closed until and including 23/03/2020. A further stop until 30/03/2020 is very probable.

Our sales office, technical office and assistance will operate remotely during the morning hours.

We kindly ask you to refer to your contacts @fic or send your inquiry to the following address:

fic@fic.com

Thank you in advance for your understanding and support.
Best regards.
